NUMBER 25

BODIES STILL LIE 'MID THE DEBRIS

THREE MORE RECOVERED THIS MORNING

But the Same Number Have Not Yet Been Recovered From the Wreck of the Chapman Building at Wheeling—Further Details From Whatcom.

Wheeling, W. Va., April 10.—Three bodies were recovered from the ruins of the Chapman building this morning and three are still undiscovered. Later reports say that "Dad" Williams, a carpenter, escaped with serious injuries, but the following attaches of his establishment were entombed:

T. T. Hutchinson, merchant and proprietor.
M. J. A. Ford, salesman.
P. J. Horan, clerk.
Eugene Burch, clerk.
Bob Winches, clerk.

Western Union messenger boy, Harry Cowl, caught in the alley and buried. Hutchinson was taken out with two ribs broken and other injuries and cannot live.

The Hutchinson building was of light construction and years ago was declared unsafe. The fire department did effective work in keeping down the flames, while volunteers went to the rescue of the victims of the disaster.

At 10:25 o'clock Michael Ford was taken from the ruins alive but fatally hurt. He had been pinned beneath an iron girder and the dead body of young Horan lay across him.

It is now known that the Rev. Father H. F. Parke, vicar-general of the Catholic diocese, is under the ruins. He was on his way to the cathedral from a train when the walls fell.

TWENTY-THREE DEAD.

Frightful Results of the Mine Explosion Near Whatcom, Wash.

Seattle, Wash., April 10.—Special dispatches to the Post-Intelligencer have been received here from Whatcom, Wash., giving full particulars of the disaster at Blue Canyon mine in which twenty-three miners lost their lives. The corpses were all recovered and are lying in a blacksmith shop near the tunnel of the mine. Only two men who were in the mine when the explosion occurred escaped death.

The killed:
MINE SUPT. DAVID Y. JONES.
KIRK CLINSKE.
SAMUEL OLSEN.
JAMES M. NUTTY.
J. A. MORGAN.
CHARLES CARLSON.
H. RAVETT.
PHILIP BINKLE.
ALEXANDER HENDERICKSON.
LUCAS LOTAKA.
ANDERSON, ANDREW, married.
ANDERSON, ALEXANDER, married.
BLUM, MARTIN.
CONLIN, THOMAS.
CHASE, E. P.
EVANS, WILLIAM.
JOHNSON, ISAAC.
KIRBY, JAMES, married.
LYSTER, WILLIAM.
LATKA, LON.
MORGAN, BEN.
M'ANDREW, JAMES, married.
ROBERTS, GEORGE.
RAMBERG, CHARLES.
SILVERMAN, CHARLES, married.
WILLIAMS, JOHN.
ZELISKA, MIKE, married.

The explosion occurred shortly before 3 o'clock, when the shift would have been changed and the miners were already climbing the steep hill to take the places of the men killed. This disaster was undoubtedly caused by an accumulation of fire damp, which was exploded by a blast in the breast of the gangway. The faces of the men who were working in the breast are badly burned, but a majority of those who were working in the rooms off the gangway were only slightly disfigured by the fire and many not at all. Physicians and miners say that the men working in the breast must have been killed by the shock of the explosion, while the others succumbed to the fire damp as they slid down from the rooms to the gangway, then filled with deadly gas. Kerns, the only miner who escaped from any of the rooms, says that he was not stunned or even thrown down by the shock, though Morgan, who was working with him, was killed.

Kerns' light was not extinguished and he saw no fire. He slid down the chute to the gangway, losing his light, and managed to make his way along the passage over dead bodies and piles of coal to the open air, but before he reached the entrance the work of rescue had commenced. Out in the tunnel he met a party of brave miners groping their way inward as fast as the escape of the poisonous gas permitted.

This party and others following pushed into the mine and carried out the bodies of the dead miners as they came upon them scattered along the gangway. The first body found was that of the mule driver, lying beside the dead animal, 950 feet from the mine entrance. From there to the fall of the gangway, a distance of about 900 feet, bodies were scattered along as they fell from the chutes leading to the rooms. Most of the bodies showed little evidence of a struggle and in most instances death apparently came quickly.

McAndrews' body was found buried under a slide of coal and McNulty was upon his hands and knees about twenty yards from where he had been working and his handkerchief was tied over his nose and mouth. A light is now possible being done to alleviate the distress of the families of the deceased. The president of the company, M. E. Downs, now in New York, has been notified by wire. Coffins have been ordered and after the inquest the bodies will be taken to Whatcom.

Peace With a Week.
Yokohama, April 10.—Peace negotiations between China and Japan will be concluded within a week. Seven of Japan's eight conditions have already been accepted. Cholera is spreading in the infected ports.

CROP REPORT FAVORABLE.

Advices Show Rains Last Week Were a Great Benefit to the Country.

Washington, April 10.—The weather bureau, in its weekly review of weather crop conditions for the week has ended April 8, says: Upon the whole the week has been most favorable. Corn planting has progressed rapidly under favorable conditions in the southern states, where a large proportion of the crop is in the ground and some has come up. Winter wheat has greatly improved during the week in Illinois, Missouri and Eastern Kansas, but less favorable reports are received from Minnesota and Wisconsin, where it is reported as badly winter killed; in Nebraska the crop has suffered from drouth and high winds. Spring wheat seeding is well advanced in Minnesota, Ohio, and nearly the entire acreage of this crop has been sown in Illinois, Indiana, Iowa and Missouri. Seeding is well advanced in Minnesota. The general outlook for fruit is very favorable, no serious damage having been done by frost. Rain is badly needed in Oklahoma, and more would be beneficial in Missouri, Ohio and Minnesota.

In Illinois the report shows that drouth conditions are broken; temperature and rainfall above normal; winter wheat, rye and meadows greatly improved; ground in excellent condition; oats and spring wheat sown; early potatoes planted; gardens made in central and southern counties and one-half to three-quarters made in northern counties; fruit trees in good condition and buds bursting in southern counties.

OIL TAKES A BIG JUMP.

Scarcity of Crude Petroleum Rushes the Price Up to \$1.45.

Pittsburg, Pa., April 10.—There is a prospect that the oil excitement of 20 years ago will be repeated this spring and summer. Oil producers are beginning to feel the influence and speculators are looking forward to a revival of the oil exchanges, which have been practically dead for ten years. It is predicted that petroleum will go to \$2 by August. The oil fields are virtually exhausted, and though drilling has been energetically prosecuted for months, no new fields of any consequence have been developed. As a result the daily production of crude petroleum has fallen off until it is now 20,000 barrels less than the consumption.

The pipe lines statement will be issued to-day. It is expected to show the reserve stocks amount to only 4,500,000 barrels. The reserve in 1894 was 37,000,000. The daily runs from the tanks average 100,000 barrels. The result is a jump of oil. Not since 1882 has the price been so high. April 10 the market rate was \$1 a barrel. Last Friday it was \$1.10, Saturday \$1.17, yesterday \$1.30, and to-day \$1.45. Refined oil is quoted at \$3.15, an advance of 11 cents in 24 hours.

MEAT STILL GOES UP.

Said to Be an Attempt by Packers to Control the Market.

New York, April 10.—The advance in the price of meat still claims attention. The firms who, it is said, are making an effort to control the market are the big four firms of western packers, Messrs. Armour & Co., Nelson Morris & Co., G. F. & E. C. Swift, the Cudahy Packing Company, Hammond & Co., and the Schwarzhild & Sulzberger company. All of these save Hammond & Co., have places of business in New York city. The Schwarzhild & Sulzberger company of this city recently joined hands, it is said, with the westerners.

Cleveland, Ohio, April 10.—There has been an advance of 2½ cents in the price of beef within the last few weeks, caused by the scarcity of cattle, and a still larger advance is predicted. In the west and southwest, which furnish a greater part of the beef for this market, the marketable cattle are said to be scarce, and it will be at least another year before the supply will compare with former years.

Message from Lost Warship.

Madrid, April 10.—Further evidence if any were needed, of the loss of the Spanish cruiser Reina Regente was found yesterday. A bottle that had been washed ashore was picked up and in it was found a piece of paper on which was written in pencil a message signed by the captain of the cruiser. The message, which was dated March 10, 9 o'clock a. m., twelve miles distant from Bajo Aertanos, states that the position of the vessel was then hopeless.

At a cabinet meeting it was decided to officially announce the loss of the Reina Regente. The ministers also decided that the government shall assist the families of the crew.

MANY BILLS PASSED BY THE SENATORS

SEVERAL MEASURES WENT TO A THIRD READING TODAY.

Assemblymen Kimball's Pharmacy Regulation, The Soldiers Home and the Blacklisting Measure Were Among Them—Salary of the Assistant Secretary Raised.

Madison, April 10.—The bill providing for treatment of inebriates at county expense, was passed by the senate by a vote of 18 to 11, to a third reading. The black list bill; Assemblyman Kimball's bill regulating practice of pharmacists; prohibiting the sale of liquor within two and one-half miles of the soldiers' home at Waupaca; the bill increasing the pay of the assistant secretary of state and assistant state treasurer, were passed to a third reading by a vote of 21 to 9.

The assembly killed the bill taxing mortgages. The bill providing for a non-partisan apportionment commissioner was passed to a third reading as was also Mr. Kimball's bill relating to the municipal court of Rock county and the measure providing as to the apportionment of the state.

Mr. Buckstaff's bill, appropriating one-fifth mill tax to the state university was passed. The rather worthless bill, relating to the sale of intoxicating liquors at the Milwaukee Soldiers' Home, was reported for passage. It leaves the granting of license largely in the hands of the sheriff. Assemblymen Kimball and Orton and Senator Stebbins made a minority report for the original bill and against the worthless substitute. The Woman's suffrage constitutional amendment was made a special order for Friday evening.

REFUSES TO ADJOURN.

Michigan House Fails to Agree with the Senate.

Lansing, Mich., April 10.—Notwithstanding the senate's action Monday night the house yesterday tabled all adjournment resolutions. The chances of the submission of a constitutional amendment extending the franchise to women were advanced a step yesterday when the house committee on elections made a favorable report on the resolution providing for submission in November, 1896. It is asserted that a careful canvass shows votes sufficient to pass the measure, and a vote on it will probably be taken April 18, in connection with the resolution prescribing an educational qualification for voters. The Foote game bill, fixing the open season for deer from November 1 to 25, inclusive, which passed the house last week, has been favorably reported in the senate and will pass.

DAY MUST BE OBSERVED.

Both Houses of Massachusetts' Legislature Concur in a Stringent Law.

Boston, Mass., April 10.—The house spent almost the entire day yesterday discussing the bill to regulate the observance of the Lord's day and then engrossed it, in concurrence with the senate. Among the provisions of this bill is one declaring that no entertainment shall be given on Sunday to which an admission fee is charged. It makes any person attending a performance in violation of the law liable to a fine of \$5 and says: "Whoever on the Lord's day keeps open his shop, warehouse or workhouse or does any manual labor, business, or work except works of necessity and charity, or takes part in any sport, game, or play except a sacred concert, shall be punished by a fine of \$30 for each offense, and the owner of any hall in which said law is violated is liable to a fine of \$500." The bill lacks the governor's signature.

CHASE FOR HIS BRIDE.

She Is Kidnaped by Her Mother, Who Is Caught by the Police.

Samuel Hood was arrested on the west-bound train by the authorities at Boone yesterday on the charge of kidnaping her 15-year-old daughter, Georgia, who was secretly married to John B. Harris last week. Harris is 26 years old and has been a clerk here. A year ago he began boarding at the home of Samuel Hood. Last Thursday he married Hood's daughter at Marion, securing a license on the false assurance that the girl was of legal age. She returned home and notified her parents. Monday Mrs. Hood and niece determined to take her to California. The young wife was forced into a closed carriage early yesterday morning and placed on the train against her protestations. Harris heard of the move, filed charges against Mrs. Hood and succeeded in heading off the party at Boone.

W. JENNINGS DEMOREST DEAD.

Famous Prohibitionist and Magazine Editor Dies in New York.

Demorest was one of the founders of the prohibition party and the principal rival of Gen. John Bidwell of California for the prohibition nomination for president of the United States in 1892. He was born in New York June 10, 1822, and lived there all his life. His interest in prohibition was well displayed by the distribution of \$50,000 worth of medals to further the cause. In 1885 he ran for lieutenant-governor of New York on the prohibition ticket and polled a larger vote than any of his associates.

A BELOIT MAN DIED VERY SUDDENLY

G. B. RUSSELL, A HOTEL KEEPER CALLED LAST NIGHT.

While Remonstrating With Some Noisy Boys He Was Suddenly Stricken With Congestion of the Brain and Died in Two Hours—Miss Gertie Northrop Also Dead.

Beloit, Wis., April 10.—G. B. Russell, proprietor of the Goodwin house, is dead. All Beloit was startled and terribly shocked to learn the sad news, for yesterday he was as well as usual until 9 o'clock last night. Some boys were very noisy at that hour and Mr. Russell, in quieting them, became somewhat excited and complained of a headache and dizziness. He was placed on a sofa and medical aid was immediately summoned. The physician soon learned that Mr. Russell was dangerously ill. He was sick less than two hours and the latter part of the time was unconscious, his excitement evidently causing congestion of the brain and the rupture of a blood vessel. Mr. Russell came to Beloit two years ago from Fort Wayne, Ind., where he had charge of a hotel, his home being at Danville, Ill.

Beloit, April 10.—Miss Gertie Northrop, a young lady who stood high in Christian Endeavor circles, died last night of pneumonia.

LITTLE TOWN SWEEP AWAY.

Rocky Ford, an English Colony of New Mexico, Destroyed by Flames.

Albuquerque, N. M., April 10.—Rocky Ford, the English colony settlement on the Rio Pecos, established by the Western Homestead and Irrigation company of Chicago, was destroyed by fire during the fierce windstorm that passed over this section Friday night. The fire originated in a barn belonging to Starbuck Bros. and was caused by a spark from the blacksmith shop, and in thirty seconds the building was enveloped in flames and in less than a minute the blacksmith shop and other structures were doomed. The fire spread rapidly, and the whole camp, half a dozen houses, was consumed. Five horses belonging to Starbuck Bros. perished in the flames. The men worked hard to stay the flames and some of them had their hair and whiskers singed, but the high wind was against them, and now Rocky Ford is only a barren waste of burned and charred timbers.

PLAINTIFF GIVEN \$50,000.

Rockford's Bogus "Messiah" Is Muled by a Jury.

Chicago, April 10.—Thirty minutes were required yesterday for Judge Dunne's jury to find a verdict in favor of George W. Coudey, who accused Jacob Schweinfurth, the Rockford "Messiah," of alienating Mrs. Coudey's affections by his doctrines. Damages were fixed at \$50,000, the full amount claimed. Schweinfurth and his associates made no pretense at defense, claiming their doctrine taught them to make no reply to the attacks of man. The suit was also directed against William Baldwin and Francis Ward, disciples of the "Messiah." Baldwin and Ward both appeared. A few minutes after the trial began the suit was dismissed as to Ward.

Rockford, Ill., April 10.—Jacob Schweinfurth last evening, discussing the verdict obtained by Mr. Coudey, said: "The verdict is as unjust as the original prosecution. It will do them no good, as I have no property. I do not fear prosecutions for I am protected from above."

Five Story Building Collapses at Wheeling, W. Va.

Bradford, Pa., April 10.—A west-bound freight train on the Buffalo, Rochester & Pittsburgh railroad, while running at a moderate rate of speed near Sykes, a small station between Dubois and Punxsutawney, yesterday ran into a washout. SPRING FLOODS DO MUCH DAMAGE

Towns On the Delaware In New York and Many Railroads Suffer.

Port Jervis, N. Y., April 10.—There has been a rise of thirteen and one-half feet in the Delaware and Navesink rivers at this point. Two landslides on the Erie at Hawkins and Long Eddy detained trains two hours. A washout on the Summitville branch of the Monocello has stopped traffic on that line. ARE AFTER GREENHUT.

Charged with "Absorbing" \$325,000 Whisky Funds.

Chicago, April 10.—The direct charge that Joseph B. Greenhut absorbed in one transaction \$225,000 and never accounted for it is contained in the papers in the suit by Receiver McNulta of the whisky trust and associated complainants against the president of the trust and his fellow-directors, including Nelson Morris, Sam Woolner, and P. J. Nennessey. The bill alleges that in the deal in 1892, whereby three distilleries were purchased, the price charged up was \$1,585,497. The actual cost, the bill alleges, was \$1,685,000. Of the difference the complainants swear Greenhut took \$225,000 and Woolner, it is said, got \$35,000. This sensational suit, the first in which oath is made of definite sums, declared to have been wrongfully taken by the old management of the trust, was filed in the United States circuit court late yesterday afternoon. It had been in course of preparation for two weeks.

THINGS GO BY GUESS IN "SUNNY ITALY"

J. C. WILMARTH WRITES
FROM FLORENCE.

Dr. James Mills is now in New York and in a letter says he will soon be home—John H. Leas sends a note from Windom, Minn.—Dr. A. P. Burrus writes from Nebraska.

"I haven't seen a pair of scales since I left America," says J. C. Wilmarth in a letter to a Janesville friend mailed in Florence March 27. "They guess at everything over here, or else try a pair of 1764 steel yards—but if I do not weigh two hundred pounds when I get back home and have a chance to see, it won't be for lack of fun. Sight seeing as a business is pretty hard work, you know, and seven days in the week sounds pretty formidable, but the serious things and the things you are told in the guide books to enthuse about, are spiced by so many little things on the side—so many funny bits of human nature—that a pilgrim keeps on the broad grin all the time.

"I have come to see, now, why it is that nobody ever wrote foreign correspondence or a book of travel that gives the reader the right idea of what was described. The description may be as accurate as you please, but the local atmosphere cannot possibly be conveyed and without that the description is worthless. The surroundings are so different that while, for instance, it sounds odd to tell of a fuel store on a principal street, with two sticks of wood tied up over the door as the only sign, yet when I saw it this morning, it seemed the most natural thing in the world. Everything is so different from what Americans are used to seeing, yet everything goes so well with everything else, that you don't notice the strangeness of it.

"One thing that does seem very strange, though, is the way their hotels are built. They are all of solid stone and get cold enough in the winter so they do not get warmed through until the next fall. That makes letter writing rather difficult for it is hard enough to pour forth classical English anyway with only one candle to do it by, without having to wear an overcoat and gloves during the effort. I haven't seen a hotel room yet with gas in it, and the only one where we had a stove was in Granada.

Still, I haven't been stopping at the "awful" places. There are in each of these places one or two big houses run exclusively for tourists. The people of the country never go there, and the rates are "a la New York." I have been stopping in houses that correspond with the hotels in Janesville and find prices very reasonable. For instance I have a good room on the second floor of a well managed hotel here in Florence—a very good room it is too—for twenty cents a day. But even here they realized that I was a stranger and I see that they have charged me ten cents for taking me to the station in the omnibus—and it isn't more than half a mile either. The secret of prices seems to be right here—live in foreign fashion and pay foreign prices: live as Italians of your class approximately are living, and save two thirds.

"They have a funeral across from the hotel tonight. About 8 o'clock a dozen men with "white cap" disguises from head to foot, lined up in front of the house. They were all covered except their eyes, and carried long torches. After awhile a dozen or two priests came down stairs with lighted candles, then some men in white carried down a bier, and with this at the head, the procession started, chanting a gruesome sort of march. I didn't see any cadaver, though, and so I inquired and was told that the late lamented was in a hearse about ten minutes ahead. The streets are so narrow and crooked they don't like to let the dead man's joining the merry making. He might tip over and get hurt.

I leave for Venice early in the morning. From there I go to Milan, Milan to Verona and up into Germany, striking first at Munich. I haven't had any mail yet, but expect to do better in a day or two, as a batch has been forwarded from London."

MESSAGE FROM JOHN H. LEAS
The former County Missionary, now located at Windom, Minnesota.

The following letter is from John H. Leas, formerly the Rock county Sunday school missionary, who is now located at Windom, Minnesota.

EDITOR GAZETTE:—Having promised my Rock county friends that I would write them when again located, and being pressed heavily with my present work, which now covers seventeen counties instead of one, I will ask you to kindly announce through your columns, that I am located in Windom, Minn. That I continue to work for the blessed master; that the work is great here, and willing workers few. I find the county thinly settled compared with Rock county, and instead of 20, 40, 60, 80, and 160 acres farms, I find here 120, 160, 320, 480, to 1500 acre farms.

Seeding time is at hand and farmers are busy, yet they will take the time to talk concerning their spiritual welfare and are free to co-operate with me in sowing the seed that will continue to grow and live through eternity.

I think often of the work the Lord used me in performing in Rock county during my brief stay there, and while writing I have before me the map drawn by myself on which I have located eighty-two of Rock County's

Sunday schools. And as my eyes glance from township to township many cherished thoughts return to me. I will always remember the kindness shown me while in that field and will continue to carry to the Lord daily in prayer, the request asked me of her people. And the last to be forgotten will be her country Sunday schools and willing workers.

J. H. LEAS.
DR. JAMES MILLS IN NEW YORK

He Will Return to Janesville in About Four Weeks.

Dr. and Mrs. James Mills and family are now in New York city. In a letter he says that he has finished his studies in the old country. At Berlin he took a course in the university and hospitals and has had an excellent opportunity to see and learn all kinds of surgery. Before going to Berlin, he studied in London, Dublin and Edinburgh and says the different hospitals furnished many different methods of treatment, etc.

"I have confidence in the new method of treating diphtheria," he says, "and in the Berlin hospitals every case was saved. I intend to bring home a good supply of Bhearing's remedy. I also expect to bring home some bacteria of new diseases, but they will all be well secured under lock and key. Dr. L. Hoeckstone of Chicago (whom Janesville people will remember as an expert witness in the Ashton murder trial) was in Berlin and attended the same university with me. He was doing special work in pathology. There were about twenty American physicians there.

"Mrs. Mills and two sons are well and Wallace will introduce his brother to you when he returns and if you cannot speak German, Wallace will act as interpreter. I may remain in New York for a few weeks attending lectures, etc. JAMES MILLS.

A LETTER FROM DR. A. P. BURRUS

Rain Was Much Needed in Nebraska—Many Counties "On the Town."

Dr. A. P. Burrus, who is now located in Lincoln, Nebraska, writes The Gazette that the rain was much needed in Nebraska. He says:

EDITOR GAZETTE:—We have had rain enough to wet down about two inches, or half an inch of water, during the last two weeks, but none to speak of since last June. Ten days ago the thermometer stood above ninety degrees, for three days. Grass is now up three inches high and farmers feel better, as the prospect is for more rain. Sixty-five of the western counties of this state are on the town.

MILTON INCORPORATION RUMORS.

People Are Discussing the Movement Again—Students in College.

MILTON, April 9.—Rumors of the incorporation of Milton Junction are again afloat. Students from Wisconsin, Minnesota, Nebraska, Rhode Island, New York, Colorado, Pennsylvania, New Hampshire, Illinois, Iowa and New Mexico are registered on the books of Milton college this term. Two carloads of leaf tobacco and one of baled hay were shipped from this station last week. Miss Myrtle Farnham of the Wauwatosa public schools, is spending a week's vacation with her parents, Rev. E. D. Farnham and wife. Mesdames Newberry and Pickett of Janesville, were the guests of Milton friends Friday. Messrs. S. B. Davy, O. D. Crumb, H. D. Clarke and W. A. Dodd all ride new "Road King" wheels, and F. A. Root a "Duke" bought last week. Mr. Holbrook, the new merchant, formerly of Geneva, began business in the Block this week. The public school began the spring term this week, with the former teachers in charge of the various departments. Mrs. A. W. Baldwin of Janesville, was a Milton visitor last week. A monument for the Bailey family was shipped here last week by Dr. Bailey, of Chicago. Mrs. Blount, of the Telephone, did business in Milwaukee last Saturday. Henry Ernst, of Alden, Minn., a former resident of the village, shook hands with acquaintances this week. Milton college will issue a catalogue this spring containing sixty-four pages. Miss Addie Walker has gone to Milwaukee, where she will have her eyes treated by an oculist. Mrs. William Moore, of Broadhead, is the guest of Misses Lucy and Kate Walker. Mrs. A. D. Burdick, of Walworth, is visiting her sister, Mrs. J. B. Morton, and other friends. The recent rains were very much needed, and with the advent of warm weather, nature will don her spring garb. Miss Anna Tomkins, who teaches in one of the public schools in Milwaukee, is spending a vacation of one week with her parents, Mr. and Mrs. P. Tomkins.

B. H. Bowman: Pub. Enquirer; of Bremen, Ind., writes: Last week our little baby girl, the only one we have, was taken sick with croup. After two doctors failed to give relief and life was hanging on a mere thread we tried One Minute Cough Cure and its life was saved. C. D. Stevens.

HOT FOUNDRY FIRE DID MUCH DAMAGE

DOTY MANUFACTURING COMPANY PLANT CRIPPLED.

Blaze Started From Heated Flasks and Smouldered Until 1:15 a. m. When It Burst Forth in Several Places At Once—Building Will Be Replaced at Once.

The New Doty Manufacturing Company's plant on North Main street, was heavily damaged by fire and water early this morning. The fire originated in the foundry at the rear of the main building, and when discovered had enveloped nearly the entire plant. It was at 1:15 o'clock when the blaze was discovered by the watchman at the cotton mill on North River street, A. Brightman, he giving a still alarm to the firemen at the west side station. About the same time, Night Officer McGinley and Private Watchman Fred Little, of the Thoroughgood box factory, also discovered the fire, Officer McGinley turning in the alarm at the east side station.

Direct pressure was at once called for, and in a few minutes the fire department had five powerful streams of water pouring into the buildings at various points. The fire was soon put under control, but the building being on fire in so many different places it was sometime before it was "struck out."

Fire Was A Hot One.

The building is an old one having been remodeled and enlarged at different times. A large portion of the main building is two story and brick veneered, consequently the wooden lining furnished plenty of dry material to make a hot fire. This was the case in the second story of the north end in the woodshop where the heaviest fire raged.

The foundry is pretty nearly a total wreck. Numerous large patterns of punching machines were destroyed, together with material, tools, etc., in the wood shop. The machinery in the machine shop on the lower floors is only damaged by water, the greater damage being upon the buildings.

The plant is owned by the New Doty Manufacturing Company. Victor P. Richardson is president and superintendent, and Hamilton Richardson is secretary and treasurer. The latter is now in California, but is expected home in a few days.

The fire undoubtedly originated in the foundry, from carelessness in piling up flasks. A heat had been taken off last evening, the moulders quitting work at 6 o'clock. The fire had evidently been slowly burning from that time until it was discovered at 1:15 this morning, when it broke out in a half dozen places at the same time. Loss Cannot Be Estimated.

It is impossible to estimate the loss on the building or contents. Some of the machinery is undoubtedly injured more or less by the heat, which cannot be ascertained until it has been thoroughly cleaned and tested. Much of the interior lining and frame work of the building will have to be torn out and replaced.

Superintendent Richardson says the company has \$13,000 insurance on the plant—\$5,000 on the buildings and the remainder on the contents. This insurance is written in the agencies of Silas Hayner, Metcalf & Carter and F. C. Haselton of this city. The working force of the plant was set to work this morning cleaning up the wreck.

"We will repair the damage at once," said Superintendent V. P. Richardson, "I intend getting the plant in operation as soon as possible. Work has been dull for some time past, but we are receiving orders right along, and have a number of orders now on hand for machines which the parties are in a hurry for. About twenty hands are now employed in the several departments of the plant."

Doctor H. R. Fish, of Gravois Mills, Mo., a practicing physician of many years' experience, writes: DeWitt's Witch Hazel Salve has no equal for indolent sores, scalds and burns. It stops pain instantly, heals a burn quickly and leaves no scar. C. D. Stevens.

Home Industry.

Since the firm of Johann Hoff, of Berlin, formed a syndicate with their agents, the Eisner-Mendelson Co., of New York, to erect a plant in the United States for the manufacture of the celebrated Johann Hoff's Malt Extract, in 1892, the sale of the article here has increased enormously, and it has become a standard commodity on the American market.

The plant erected is one of the best equipped of its kind, and has a capacity to turn out nearly 10,000,000 bottles annually. The article manufactured here is in every way superior to the one formerly imported, as the machinery and equipment of the plant is of the newest and best, and the material used, of the choicest.

This only proves that anything undertaken in the United States is always on a larger scale than in the old country, even with an article that originated abroad nearly fifty years ago.

Our patrons will find DeWitt's Little Early Risers a safe and reliable remedy for constipation, dyspepsia and liver complaints. C. D. Stevens.

"THAT DEATHLY FEELING."

People Often Speak of Having "Deathly Sensations."

What Are The Actual Sensations of Death.

Are There Really Any Feelings of Pain When Death Comes.

Everybody has heard or used the expression, "that deathly sensation." By it is meant the awful sinking sensation—the feeling of terrible dropping away from us, as it were, as the life principle wanes and ebbs toward death.

Death itself is doubtless painless, but the awful sinking sensation which precedes death has been described as worse than pain.

Nervous people frequently have this dreadful feeling, and many who have been through the experience, will recognize at once the graphic description of Mrs. B. J. Stockwell, of Waitsfield, Vt., who says:

"I had complete nervous prostration, and was confined to the bed most of the time for two years. It took the form of mania and I thought I must soon die. It began as nervousness and kept growing worse.

"I was unable to do any work. There were times, sometimes for a week, that I did not sleep hardly any. When I got up I was more exhausted than when I went to bed. I had a terrible deathly sensation, worse than any pain.

"My stomach was terrible weak, and my food distressed me constantly. I was completely prostrated. I paid large sums of money for doctors and treatment but they did me no good.

"I employed the best medical advice in the state of New York, but got no better. Then we saw Dr. Greene's nerve and blood remedy advertised, and I determined to try it.

MRS. B. J. STOCKWELL.

"I had not used one bottle before I felt better. I continued to steadily improve under its use. I am now a well, healthy woman, able to do my own work. I have good digestion and appetite, sleep well and am always cheerful.

"This is what Dr. Greene's Nervura blood and nerve remedy has done for me. I heartily recommend it to everybody. It is a wonderful medicine." The whole world is amazed at what is being done by Dr. Greene's Nervura blood and nerve remedy. Nothing like it has never been known before. It makes the nerves strong as steel, the blood pure and rich, the skin soft and beautiful and gives to the eyes that brightness and sparkle which indicate perfect health.

There are thousands upon thousands of weak, nervous people, depressed in mind and debilitated in body, particularly at this season of the year, who can be made strong and well by this splendid remedy. It will be found the best spring medicine that one can take, for nothing so quickly and surely gives strength of nerve, invigoration of blood and healthful action of all the organs, as Dr. Greene's Nervura blood and nerve remedy.

It is not a patent medicine, but the prescription of the most successful living specialist in curing nervous and chronic diseases, Dr. Greene of 35 West 14th St., New York City. He has the largest practice in the world, and this grand medical discovery is the result of his vast experience. The reputation of Dr. Greene is a guarantee that his medicine will cure, and the fact that he can be consulted by anyone, at any time, free of charge, personally or by letter, gives absolute assurance of the beneficial action of this wonderful medicine.

J. A. Richardson, of Jefferson City, Mo., Chief Enrolling force 38th general assembly of Missouri, writes: I wish to testify to the merits of One Minute Cough Cure. When other so-called cures failed, I obtained almost instant relief and a speedy cure by the use of One Minute Cough cure. C. D. Stevens.

Mr. Fitch's qualifications as a butter maker and factory man are a No. 1 and we believe he will succeed in declaring satisfactory dividends to the patrons. The annual meeting of the Emerald Grove cemetery association will be held Thursday evening of this week. Persons interested are expected to be present. Mr. and Mrs. Charles S. Boynton returned from their wedding trip on Monday. W. J. Jones and family spent Sunday with their sister, Mrs. H. A. Forbes. Election day in this town was a quiet one this year. Heavy rains fell Monday which was appreciated by the farmers.

Hutchins & Rundle, of Rockford, have recently placed in the cemetery here a heavy Vermont granite monument for the William Gardiner family. The job is first class in every respect. Gillies & Jones have a full line of paints and oil. Nothing but the best quality is in their stock. Mrs. James Plantz suffered a painful accident Thursday. In going down cellar a mis-step caused her to fall on her face, breaking out several teeth in her lower jaw. J. T. Boynton had a horse disemboweled by some of his cattle last week. A lecture on oxygen and nitrogen or the air we breathe, accompanied by illustrations and scientific experiments will be the subject of the next and last number in the entertainment course to begin on Friday of this week, April 13, by Prof. Mayne, commencing at 8 o'clock. Easter services will be held on Sunday, April 14 in the Congregational church in charge of twenty of the young people. Every one is cordially invited.

THIS DAY IN HISTORY

1733—Prince Eugene, famous soldier and associate of Marlborough, died; born 1665.
 1753—Samuel C. F. Habermann, founder of homeopathy, born in Saxony; died in Paris 1843.
 1800—General Horatio Gates died in New York city; born in England in 1728.
 1852—John Howard Payne, author of "Home, Sweet Home," died in Tunis; born 1792. Payne was a typical Bohemian of the early part of this century. He never knew what it was to have a home after he was 13 years old, yet he produced the grandest home song ever written. He appeared on the American stage at 16 and later established himself in London, where he edited a theatrical journal, acted and managed, as well as wrote dramas. In one of these he introduced the song "Home, Sweet Home."
 1858—Hon. Thomas H. Benton, 50 years senator from Missouri, died in Washington, aged 76.
 1863—Manuel Gonzales, ex-president of the Mexican republic, died in the City of Mexico; born 1820.

The democratic party in Illinois is in a sad plight. Senator Palmer, one of the leading lights of the party, scores the state central committee roundly, for calling a convention next June in the interest of free coinage. He says that the action of the committee is unwise and uncalled for, and that a large majority of the democrats throughout the state will not endorse the movement.

With free trade and free silver to contend with, democracy is between the devil and the deep sea. The forecast is demoralizing.

The Milwaukee Sentinel has an amusing editorial on the movements of Boss Wall. It appears that the democratic leader has been spending his time at the national capital, since his retirement to private life, and that his every movement is faithfully chronicled by his organ in Milwaukee. Ex-Governor Peck is less fortunate, and while his patent medicine venture would be benefited by the liberal use of printers ink, he seems to have dropped from sight completely. He should form a combination with Mr. Wall. The political arena is likely to miss them for some time to come.

American dried fruits have been prohibited from Saxony during the past year on account of the adulteration. The process used was drying on zinc plates, the injurious substance of the metal made the fruit objectionable.

CHIEF ACHESON GOT THE WATCH THIEVES

MISS MANLEY'S VALUABLE TIME PIECE RECOVERED.

Skillful Detective Work and a Trip To Rockford and Freeport Were Necessary, However—Musical Literary Society Meet—Trilby Entertainment Monday Evening.

CHIEF ACHESON returned from Rockford and Freeport last night, where, by smooth detective work, he recovered a \$90 gold watch stolen from Miss Esther Manley, of this city. Miss Manley was robbed ten days ago, and did not report the theft to the police until last Saturday, when she told Chief Acheson. The chief questioned her, and decided that the timepiece was taken by Paul Maier and Fred Libbey, two traveling advertising fakirs. He traced them to Freeport, where he caught Maier with the chain in his possession. Maier admitted the theft and said Libbey had the watch at Rockford. The chief therefore telephoned the Forest City, and the police picked Libbey up. The latter gave up the watch, and the chief brought it home with him.

The Rockford Star says: "The Second Congregational church was packed last night by one of the most enthusiastic audiences which has assembled there. The people came prepared to applaud, for college clubs always call out innumerable encores, and the Beloit student proved no exception of the rule. L. S. PADDLEFORD DEAD IN CHICAGO

The Former Janesville Man's Demise Caused by an Accident.

L. S. Paddleford died in Chicago on Saturday, as the result of an accident, and was buried in that city yesterday. Mr. Paddleford will be remembered by a large number of Janesville people. At one time he was clerk at the old American house, corner of South Main and Court streets, and after the destruction of that old landmark he went into partnership with A. C. Kent in the manufacture of vinegar.

Shortly after 1 o'clock Saturday morning Mr. Paddleford started the elevator car at the Iroquois club, where he worked as night clerk, and as it moved toward the upper floor he attempted to jump in. He was thrown to the floor, and before he had time to draw his legs through, they were caught and broken in several places. Amputation was necessary and the operation was performed with fatal results. Mr. Paddleford was sixty-three years old. He had been night clerk at the Iroquois club for six months. For many years he was engaged in the retail tobacco business at La Salle and Madison streets. He leaves a widow, Mrs. Jennie E. Paddleford, and one son, who is connected with the Board of Trade.

BAD CHICKEN THIEF STOLE MANY HENS

SPRING BROOK PEOPLE ARE UP IN ARMS.

T. Quirk's Henery Spoiled of Fifty-Six Fowls, Most of Which Were Killed on the Spot and the Heads Left Behind—Other Places Visited—Police Court News.

Spring Brook people are now setting up o' nights with shot guns in their hands. They could stand it to lose a pullet now and then but when it came to having the henery cleared of fowls they naturally rebelled. T. Quirk who lives on Eastern avenue, was, until a day or two ago, the possessor of a fine lot of poultry. He had three score of hens and they were just beginning to be valuable property, after "eating their heads off" all winter, when the thief came. He did his work silently and well for although Mr. Quirk heard no sound on the night in question, wholesale murder and larceny were committed. When the day broke and Mr. Quirk arose, he found the yard littered with the heads of his carefully raised poultry. Thirty-five chickens had been slain and their heads left behind, while the balance of the fifty-six that composed the flock were carried away alive, evidently, for no more heads could be found either living or dead. Mr. Quirk, who is a caller at the O. & N. W. depot, was wroth. It made him mad to lose his chickens, but when he found six bushels of potatoes missing from his cellar he was madder yet. Poultry and potatoes were pretty rich fare for a thief, he argued, and he would rather like to know whose support he was contributing to these hard times.

He told the neighbors, but it was nothing new to them, although they shook their heads sadly and listened. George Foster, who works for Richardson & Norcross, could sympathize with Mr. Quirk. His hens were gone. So were those belonging to George Viney, watchman of the Hall Furniture Company. Lawrence Cronin, a farmer, couldn't eat fried chicken unless he bought it, while Nelson R. Spicer, the machinist, owned an empty henery. The thief made a clean sweep. The theft was kept quiet for a few days in hopes of catching some one with feathers on their clothes, but as no clue was found they decided to let the world know how mean some thieves could be.

Three Drunks in Court.

Patrolman Hogan introduced a trio of drunks to Judge Phelps this morning, they being Nels Oleson of Clinton, C. J. Larkin of this city and H. Cunningham of Harmony. Oleson and Cunningham it appears, were caught in bad company, they not being in the habit of indulging in the rosy, both being industrious farmers, so they were discharged, while Larkin pleaded guilty, and was sent to the Appleby house for ten days.

The case of the state against Louis Klingberg, one of the alleged car burglars, was before the municipal court and his trial was set for April 15.

The three car thieves, Flynn, Franklin and Crowley, bade the jail officials good bye this morning. They were shackled together and took their last look at Janesville for at least a year. Sheriff Appleby took the trio to Waupun this noon.

GOSSIP OF THE STATE TOWNS.

MARINETTE and Menominee newspaper proprietors are on the anxious seat on account of having violated the anti-lottery law by publishing the list of prizes at a drawing held by a local hospital society. The attention of the United States district attorney has been called to the case and as the penalty is \$500 fine or six months in jail or both, the prospects are not pleasing.

WEST Green Bay, formerly Fort Howard, will hold a special election April 23 to elect city officers, but the election is a mere formality, as the tickets recently elected by Green Bay proper will be endorsed.

GREEN BAY already takes it for granted the Pythian state encampment will be held in that city this summer. Kilbourn City, Monroe, Waupaca and Appleton are also applicants for the honor.

Mrs. KEHOE, an aged woman living at Madison refused to disclose the hiding place of \$200, even when brutally choked by two burglars who had entered her home.

H. M. ATKINSON, a young man giving Eau Claire as his home, took a dose of strychnine in a Chicago hotel, but was discovered in time to be saved.

FOUR million whitefish were planted at Green Bay Monday.

A LODGE of El's has been organized at La Crosse.

THE ice has gone out of the lakes at Madison.

Knights Templar Attention.

All resident Sir Knights, whether members of Janesville Commandery or not, who intend to be present at the reception in the Armory on Wednesday evening, April 17, are requested to report to the Recorder either in person or by mail, on or before Thursday evening, April 11, advising him whether they will be accompanied by ladies, and also as to whether their ladies will attend the afternoon reception or not. It is imperative that prompt response be made. By order of the Em. Com.

C. E. RANOUS, Recorder.

STILL SUFFERING IN NEBRASKA

Mayor Thoroughgood Receives a Letter Asking For More Aid.

Mayor Thoroughgood has received a letter from Mrs. J. Hewitt Broddus, local relief agent at Ewing, Neb., enclosing a clipping from a paper at that place and asking for aid for the suffering people. The clipping says:

"The lean, gaunt wolf of hunger looks in at the doors of the stricken homes of Nebraska. When the great black winged demon takes his flight over the land, he points with his bony finger and says, 'Nebraska is my masterpiece.'"

"The old saying that 'Pestilence walks in the wake of famine,' is being verified in the West. The constant use of one kind of food is resulting in a peculiar stomach disease that always precedes the 'famine pestilence' of India.

"Hungry despairing mothers, press their little ones to their bosoms, and sadly think of the last sack of flour that is nearly gone. We dread the next three months more than the winter that has passed. The number of applicants have increased ten fold since we began to distribute. The bright sunshine of spring mocks us with the warning that it is seed time. But where is the seed? Not one farmer in ten has seed to plant, or feed for his horses through the farming season. If we cannot get seed our last hope will sink behind the dark clouds of despair and dread. In your beautiful homes of the plenty, you cannot realize our abject want and humiliating dependence.

"Death is never a welcome visitor, but when he comes in the form of starvation, human language fails to describe his terrors.

"The board of trade has deceived us. The legislature has been powerless to give us permanent relief, and we are forced to appeal to him who said, 'Inasmuch as ye did it unto these ye did it unto me.'

DR. CARVER MAY COME HERE

The Crack Shot Wants to Show at the County Fair.

Secretary D. W. Watt of the Rock County Agricultural society received a letter from Dr. Carver, the famous marksman, stating that he would make a tour of the northern states, and would like to arrange a date for the county fair in September. Although the doctor would be a good attraction, nothing definite has been done about accepting his offer.

BENEATH A BURDEN OF SORROW

Patrick Hines.

Patrick Hines died at his home, corner of North street and Park avenue this morning at 2:30 o'clock, aged sixty-one years. Mr. Hines had been a resident of Janesville for thirty-five years. He had been a sufferer from rheumatism for some time but the immediate cause of his death was pneumonia. He was widely known and his death will cause many friends and relatives to mourn. He was an old employee of the Chicago & Northwestern railway company, being employed as night watch in the round house. Besides a wife he leaves six children—three sons and three daughters, Mrs. James Casey, Mrs. William Harps, Miss Aggie Hines, William, Edward and Frank Hines, all of this city.

Mrs. Jane Hills.

Mrs. Jane Hills died at her home, 251 Glen street, this morning, aged sixty-six years. Mrs. Hills had been sick with Bright's disease since last Christmas. She leaves a brother and two sisters—J. W. Norton, of Belleville, Wisconsin; Mrs. A. C. Resseigne of this city; and Mrs. Rachel Gardner, of Hope Valley, Rhode Island. The funeral services will be held from the home at 1:30 o'clock Friday afternoon.

BIG PLOW FACTORY WILL COME HERE

JANESVILLE CAN GET A LARGE CONCERN.

The Provisions Are That the People \$20,000 Worth of Stock—Present Owner Wishes a New Location—Business Men's Association to Meet Monday Evening to Consider it.

Janesville people now have an opportunity to secure a new manufacturing enterprise, one that will equal any we now have.

It is none other than the celebrated Norwegian Plow Works. H. H. Stater of Dubuque, desires a new location and thinks Janesville is just the place to establish a plant. He has been in the city looking over our advantages, and signifies his readiness to put \$30,000 in such a plant, provided the people will take \$20,000 in stock. Mr. Stater owns all the patents of the Norwegian plow works, has had many year's experience in manufacturing, five of which were spent with Fuller & Johnson of Madison.

He comes here with the highest recommendations, besides being a personal friend of a number of leading citizens, including Superintendent S. C. Cobb of the Janesville Machine Company, J. P. Baker and others.

President W. T. Vankirk of the Business Men's association, has taken hold of Mr. Stater's proposition in earnest, and has called a meeting of the association for Monday evening, inviting all interested citizens to attend, whether members or not.

"I believe this is the best thing the city has been offered in a long time," said President Vankirk this morning. "Years ago we had the chance to secure the location of what is now the Elgin Watch factory in Janesville, but let it go by. I hope this enterprise will be taken care of by our people. A plow factory such as is contemplated would be a bonanza for our city."

LIGHTFOOT LOST HIS FINGERS.

Buzz Saw at John Carpenter's Woodyard Did Cruel Work.

While working with a buzz saw, in the woodyards of John Carpenter this morning, John Lightfoot accidentally caught his fingers in the saw, cutting the two middle digits off. He was taken to Dr. Palmer's office where amputation was found to be necessary. The wound, although a painful one, is not dangerous. Blood poisoning is the only thing feared.

BABY CONTEST OPEN
BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN
THE CONTEST.

Five Shares of Stock In the Rock
County Building Loan and Savings
Association Will be Given the Win-
ner June 1—Value at Maturity Is
\$500 and It Is Non Assessable.

The polls for The Gazette contest
for the babies is now open and the
ballot will be found at the close of
this article and will run until June
1, when the contest will close.
Much interest is centered
in The Gazette's offer to present the
baby who gets the highest number of
votes with \$500 worth of stock in the
Rock County Building Loan and Sav-
ings Association. It is a prize worth
getting, for naturally it will be worth
just half a thousand dollars. That
will be a nice nest egg if kept at inter-
est after maturity until the child be-
comes old enough to want to use it.

It will buy an education.

It will buy a building lot.

It will buy a piano and the lessons
necessary to play upon it.

It is more than many people are
able to save in a life time.

Of course all the mothers and fath-
ers want it for their babe. How to
get it is told below:

The polls opened this morning
and will remain open until June 1.
The baby that receives the most bal-
lots in that time will receive a certi-
ficate calling for these five shares of
stock. There are no dues to be paid,
no assessments to be met, no install-

—ONE VOTE FOR—

Of Janesville, Wis.

Very Queer Indeed.

Daily, nay, hourly experienced, are the sensa-
tions of the dyspeptic, nervous invalid. Ask
him and he will tell you that it is well nigh im-
possible to describe them. Flattening of the
heart suggest—erroneously—that the organ is
affected, buzzing in the ears, a queer metallic
taste in the mouth and tingling along the edges
of the tongue, restless, broken slumber at
night, an inclination to sleep during the day,
which disappears when the recum-
bent posture is assumed, frequent
uneasiness of the stomach between and after
meals when digestion ought to have performed
its office. These are a few among the indica-
of the complaints speedily removable by the use of
Hostetter's Stomach Bitters, which also cures
and prevents chills and fever, biliousness, con-
stipation, rheumatism, neuralgia and kidney
trouble.

If the Baby is Cutting Teeth,
Be sure and use that old and well tried remedy,
Mrs. Winslow's Soothing Syrup for children
teething. It soothes the child, softens the gums,
allays all pain, cures wind colic and is the best
remedy for diarrhoea. Twenty-five cents a bot-
tle.

A Slight Omission.
"Pensill, our designer, made a bad
break in that last design of a folding
bed he got out for us," said the furni-
ture manufacturer
"What was the matter with it?"
"Well, he got the writing desk and
book case and piano and wardrobe and
refrigerator parts in all right, but
when we got the blamed thing to-
gether, we found he had left the bed
part out."—Truth.

Another Bright Star.
Prison Missionary—I hope that you
will not go back to your old ways when
your term expires.

Burglar Bill—No need to. My pic-
ture has been printed in all the papers,
and I'm famous.

"Alas! You are not famous. You
are notorious."

"It's all the same, financially speak-
ing. I'll go on the stage."—N. Y.
Weekly.

Fastidious.
Customer (examining samples of
false teeth)—Will you kindly retire
from the room while I am looking
these over?

Dentist—Why do you object to my
being present?

Customer—You know it isn't eti-
quette to be seen picking one's teeth
in the presence of others.—Boston
News.

From a Professional Standpoint.

Young Mother (whose baby has been
weighed by the butcher)—And how
much does the little fellow weigh, Mr.
Bullwinkle?

Butcher—Twenty pounds, mum.

Young Mother—Isn't he a splendid
specimen?

Butcher (dubiously)—Well, from my
p'ints of view, mum, he runs too much
to suct.—Tit-Bits.

AMBITIOUS WOMEN

MAKE HEROES OF MEN.

She Will Brave Anything for the
Man She Loves.

[SPECIAL TO OUR LADY READERS.]

When an ambitious woman loves a
man she will spur him to heroic efforts.

She will dare with
him the rigors of
the frozen North,
and encourage him
in daring dangers
almost un-
surmount-
able.

Women
are by na-
ture ambi-
tious ac-
cording to
their phys-
ical and
mental
strength.

Hope and
ambition come with perfect health, but
vanish before sickness and despair.

American women are, unfortunately,
particularly subject to those painful fe-
male diseases that are the cause of so
much hopelessness and misery.

Could all women realize the undeni-
able fact that they suffer unnecessarily,
how much brighter life would be!

Lydia E. Pinkham devoted her life to
the study of female diseases and their
cause; and she discovered in the Vege-
table Compound an absolute remedy. It
succeeds in removing the cause of the
trouble.

Women who rely more upon their own
natural common-sense, rather than on
the theories of their physicians, write to
Mrs. Pinkham, at Lynn, Mass., and are
soon restored to health.

Here is a living example: "Four
months ago I was unable to
stand on my
feet. I had
falling of the
womb, kidney
trouble, and
inflammation
of the bladder;
the backache
and bearing-
down pains
were dreadful.

My physician could give
me no relief. A friend said, try Lydia
E. Pinkham's Vegetable Compound.
Well, I did. Oh, if every suffering
woman would do the same, they would
be cured, cured absolutely and entirely,
as I am!" MRS. WM. M. MOREY, 20
Beymour St., Pittsfield, Mass.

Nineveh, and St. Petersburg, and Canton, and Pekin and Paris, and London and New York, and all the dead cities of the past and all the living cities of the present, added together would not equal the census of that great metropolis.

Harvest of Glories.

But I notice when John saw these gates they were open—wide open. They will not always be so. After awhile heaven will have gathered up all its intended population and the children of God will have come home. Every crown taken. Every harp struck. Every throne mounted. All the glories of the universe harvested in the great garner. And heaven being made up, of course the gates will be shut. Austria in, and the first gate shut. Russia in, and the second gate shut. Italy in, and the third gate shut. Egypt in, and the fourth gate shut. Spain in, and the fifth gate shut. France in, and the sixth gate shut. England in, and the seventh gate shut. Norway in, and the eighth gate shut. Switzerland in, and the ninth gate shut. Hindostan in, and the tenth gate shut. Siberia in, and the eleventh gate shut. All the gates are closed but one. Now, let America go in with all the islands of the sea and all other nations that have called on God. The captives all freed. The harvests all gathered. The nations all saved. The flashing splendor of this last pearl begins to move on its hinges. Let two mighty angels put their shoulders to the gate and heave it to with silvery clang. It is done! It thunders. The twelfth gate shut!

The Gate Keepers.

Once more I want to show you the gatekeepers. There is one angel at each one of those gates. You say that is right. Of course it is. You know that no earthly palace, or castle, or fortress would be safe without a sentry pacing up and down by night and by day; and if there were no defenses before heaven, and the doors set wide open with no one to guard them, all the vicious of earth would go up after awhile, and all the abandoned of hell would go up after awhile, and heaven, instead of being a world of light and joy, and peace, and blessedness, would be a world of darkness and horror. So I am glad to tell you that while these twelve gates stand open to let a great multitude in, there are twelve angels to keep some people out. Robespierre can not go through there, nor Hildebrand, nor Nero, nor any of the debauched of earth who have not repented of their wickedness. If one of those nefarious men who despised God should come to the gate, one of the keepers would put his hand on his shoulder and push him into outer darkness. There is no place in that land for thieves, and liars, and whoremongers, and defrauders, and all those who disgraced their race and fought against their God. If a miser should get in there, he would pull up the golden pavement. If a house-burner should get in there, he would set fire to the mansion. If a libertine should get in there, he would whisper his abominations standing on the white coral of the sea-bench. Only those who are blood-washed and prayer-lipped will get through. O, my brother, if you should at last come up to one of the gates and try to get through, and you had not a pass written by the crushed hand of the Son of God, the gatekeeper would with one glance wither you forever.

The Password.

There will be a password at the gate of heaven. Do you know what that password is? Here comes a crowd of souls up to the gate, and they say: "Let me in, let me in. I was very useful on earth. I endowed colleges, I built churches, and was famous for my charities; and having done so many wonderful things for the world now I come up to get my reward." A voice from within says: "I never knew you." Another great crowd comes up, and they try to get through. They say: "We were highly honorable on earth, and the world bowed very lowly before us. We were honored on earth, and now we come to get our honors in heaven; and a voice from within says: 'I never knew you.' Another crowd advances, and says: 'We were very moral people on earth, very moral indeed, and we came up to get appropriate recognition.' A voice answers: 'I never knew you.'

After awhile I see another throng approach the gate, and one seems to be spokesman for all the rest, although their voices ever and anon cry, "Amen! amen!" This one stands at the gate and says: "Let me in. I was a wanderer from God. I deserved to die. I have come up to this place, not because I deserve it, but because I have heard that there is a saving power in the blood of Jesus." The gatekeeper says: "That is the password, Jesus! Jesus!" and they go in and surround the throne, and the cry is: "Worthy is the Lamb that was slain to receive blessing, and riches, and honor, and glory, and power, world without end!" I stand here, this hour, to invite you into any one of the twelve gates. I tell you now that unless your heart is changed by the grace of God, you can not get in. I do not care where you come from, or who your father was, or who your mother was, or what your brilliant surroundings—unless you repent of your sin and take Christ for your divine Savior, you can not get in. Are you willing, then, this moment, just where you are, to kneel down and cry to the Lord Almighty for his deliverance?

Friends There, you want to get in, do you not? O, you have some good friends there. This last year there was some one who went out from your home into that blessed place. They did not have any trouble getting through the gates, did they? No, they knew the password, and, coming up, they said "Jesus!" and the cry was: "Lift up your heads, ye everlasting gates, and let them come in." O, when heaven is all done, and the troops of God about the castle is taken how grand it will be if you and I are among them. Blessed are all they who enter in through the gates into the city.

W. T. Stanford, station agent of Leeper, Clarion county, Pa., writes: "I can recommend Ore Minute Cough Cure as the best I ever used. It gave instant relief and a quick cure. C. D. Stevens."

DR. P. H. SHARP,

The Most Successful Specialist in All
Nervous, Private and Chronic
Diseases of Men and
Women.

Dr. Sharp has for 20 years made a Special Study and Practice of these Maladies which have proved such stumbling blocks to the medical profession. More failures are recorded in these three lines of practice than in all the 1000 remaining diseases to which the human race is subject.

The doctor's success is phenomenal in his chosen field.

He Absolutely Cures 98 per cent of the cases he accepts for treatment.

This high percentage is in part due to his rejection of all incurable ones. So there are no experiments and but few failures.

YOUNG MEN troubled with results of younger indiscretions can be safely and surely cured. I know it.

MIDDLE-AGED MEN can have a new lease of vitality. OLD MEN can take a new hold on life and its joys.

WOMEN can find not only relief but positive cure for their many annoying and dangerous ailments.

Leucorrhoea, Painful Menstruation Delayed or Obstructed Menstrual Periods, Headaches, Ovarian Inflammation, Etc.

POLICE HOT AFTER A MURDERER

Dan Kelly Wanted For Complicity in The Killing at Elwood, Ind.

Elwood, Ind., April 10.—Deputy Sheriff Dean of this city has orders to arrest Dan Kelly for complicity in the Foust murder, and yesterday Police Capt Frank Totter went to Rochester in response to information from the Chief of Police of that city that Kelly was there under the name of George Farr. It was a mistake, however, and Totter returned without his man. A tip was given the officers last night that Kelly was in a small town in northern Indiana and Deputy Sheriff Dean left tonight for that place. It is expected his arrest will clear up the murder mystery which Mrs. Bottom's testimony only intensified.

AGAINST WARDEN CHASE.

Investigating His Management of the Kansas Penitentiary.

Leavenworth, Kan., April 10.—The investigation of the management of Warden Chase of the Kansas penitentiary was resumed here yesterday. Ex-Chief Clerk Yarrow swore to a story where Chase made \$400 out of some hogs that had been fattened at the state's expense. He swore also about officers of the prison living off of the state, contrary to law, and of a shady transaction on some meat rebates. George Sholl, who was released from confinement, was put on the stand within five minutes after he left the prison gate. He swore to specific instances of cruelty, and broke down while telling

how they were nearly starved to death. He was a cook, and told the difference before Chase was warden. He had an old suit of clothes, and a sensation was created when it was brought out that discharged convicts were not given a new suit as provided by law.

Woman Murdered at Cedar Lake.

Crown Point, Ind., April 10.—A murder was committed near Cedar Lake, five miles south of this place, late Monday night or early yesterday morning. The victim was Mrs. Barney Ellwanger, a Bohemian, aged about 35 years. Neighbors discovered her early this morning at her home lying in a pool of blood with her skull crushed and a rolling pin lying beside her. The bloody clothing of her husband was on the floor, but no trace of the missing man can be found.

Judge Sahler Kills Himself.

Omaha, Neb., April 10.—Judge John Sahler, for quarter of a century prominent in Nebraska politics, blew his brains out at his residence yesterday. No reason is known for the deed. Judge Sahler had a wide circle of friends and acquaintances in the city and throughout the state. He had attended every session of the legislature for the last twenty years, either as a politician or a lobbyist. He was one of the oldest settlers of the city, having come here in 1855 from Kansas, following the legal profession.
